

Division 6 of the NMRA Mid-Central Region is currently offering a 41' gondola lettered for Buckeye Steel Castings.

Buckeye Steel was a large steel foundry located in Columbus, Ohio. They produced castings of numerous railroad components, including trucks, couplers and, the famous "Buckeye Truck." These gondolas moved scrap as well as finished products. Interchange partners included C&O and NYC, both railroads having trackage leading into the plant complex.

These car kits are from Accurail's 3700-series of steel gondolas with road number 23. Decals for six other road numbers are available for those ordering more than one car.

Pricing is \$27 per car. Shipping (via USPS Priority) is \$10 for one car and \$17 for two to three cars. Ohio residents, please add 7.5% sales tax on the total price of the kits and the shipping/handling fee. Customers outside the USA, please contact us for shipping arrangements and charges.
